

# Budenat® Alkasept D 445

High-alkaline disinfectant cleaner

## Area of application

- For surface disinfection in public institutions, in the food industry and in the food processing industry, as well as in the kitchen area and in the healthcare sector, etc.
- For all water- and alkali-resistant surfaces, materials and floor coverings

## Product properties

- Cleaning and disinfection in one step
- Very good cleaning effect
- Effective against bacteria, yeasts, moulds and enveloped and non-enveloped viruses
- Spectrum of activity: bactericidal, yeasticidal, virucidal
- Strong oil and grease-removing power
- VAH and IHO listed
- Meets the requirements within the framework of an HACCP concept
- Halal certified according to HALAL CONTROL

## Application and dosage

- Recommended use for surface disinfection (spectrum of effects/exposure times):
- bactericidal, yeasticidal – VAH / EN 13697: high load, with mechanics 5 min. 6.0%, 15 min. 2.0%, 30 min. 1.0%
- bactericidal, yeasticidal – EN 16615: low and high load 1 min. 2.0 %
- fungicidal – EN 1650: low load 30 min. 4.0 %
- virucidal – EN 14476 and EN 16777: low load 60 min. 5.0 %
- limited virucidal – EN 14476 and EN 16777: high load 5 min. 4.0%, low load 1 min. 4.0%
- limited virucidal PLUS – EN 14476 and EN 16777: low load 30 min. 5.0 %
- First remove coarse dirt from the surface.
- We then recommend using suitable wet mopping methods.
- Let it dry or rinse after the exposure time has elapsed.

100 - 600 ml  
/ 10 l water

- Apply fresh application solutions and consume them within 24 hours at the latest.

## Note

- Ingredients: 100g contains: 6.9g didecyl dimethyl ammonium chloride.
- Surfaces that come into contact with food or the skin must be rinsed with drinking water after disinfection.
- Absorb unintentionally released product with liquid-binding material (sand, diatomaceous earth, universal binder).
- Do not allow the product to enter the sewage system or water bodies undiluted.
- Contribute emptied packaging to recycling.
- Use disinfectants carefully. Always read the label and product information before use.
- Recommended storage temperature: 5 - 25 °C.
- Consume opened containers within 9 months.
- Changes or variations in colour of the product do not impact on the quality. The product image may differ in colour and shape from the original.
- **Safety:** Hazard statements and safety precautions can be found in the relevant safety data sheet, which is available at [www.buzil.com](http://www.buzil.com).
- **Storage:** Always keep containers closed. Store at room temperature in the original container. Consume opened containers within 9 months.
- **Environmental:** Feed residual emptied containers to the dual system. For detailed information see environmental information.

## Further information

- **Product colour:** colourless - light yellow
- **GISBAU code:** GD 40
- **UFI code:** 4G10-S0JA-W00P-2J0G
- For professional use only.

## Sales units

- D445-0010RA: 1 x 10 l canister
- D445-0001RA: 12 x 1 l bottle
