

Corridor® Jewel S 741

High-performance dispersion

Area of application

- For all elastic coatable (also residual moisture) and water-resistant floor coverings such as linoleum, PVC and elastomer coverings
- For highly frequented floor coverings, e.g. in schools, hospitals, care and nursing homes for the elderly and in areas where disinfectants are used
- Coatable epoxy resin floor coverings
- Coatable PUR-modified coverings

Product properties

- Extreme durability
- Excellent coverage and highest gloss level
- Fast-to-clean surface
- Very good resistance to most hand and surface disinfectants
- Easily removable with Corridor® Power Stripper S 708
- Polishable with the high-speed machine
- Slip-resistant according to DIN 51131
- Free of metal salt
- Suitable for cleaning

Application and dosage

- Apply undiluted in 2 layers.
- Each layer must dry out on its own.
- Consumption: 25 - 35 ml / per m² / per order

Note

- Protect from frost.
- Let the floor covering dry after stripping.
- Each layer must dry out on its own.
- A single, temporary exposure on the surface without mechanics, to commercially available disinfectants (max. 15 Minutes of continuous stress) is tested and does not cause any damage to the coating surface.
- Changes or variations in colour of the product do not impact on the quality. The product image may differ in colour and shape from the original.
- **Safety:** Hazard statements and safety precautions can be found in the relevant safety data sheet, which is available at www.buzil.com.
- **Storage:** Always keep containers closed. Store at room temperature in the original container. Consume opened containers within 9 months.
- **Environmental:** Feed residual emptied containers to the dual system. For detailed information see environmental information.
